## Ween

At the Cat's Cradle, 1992

Indie-Rock

★★★½

Yep, it's another Ween live album. Their sixth, to be exact. So

why buy it? Because it's the first to feature a supremely brown gig from the demented duo's early years, when Dean and Gene's backing band consisted of only a DAT deck. Even better: Along with the 21-cut CD, there's a bonus DVD with nearly 50 minutes of live footage from more vintage shows. Boognish be praised!
