Europe - Almost Unplugged (Live)

[Europe - Almost Unplugged - Live at Nalen, Stockholm.](#)

[CD review \(US Release on MVD Audio\)](#)

Most people will remember [Europe](#) for the 'parp, parp' of that big or should I say mega hit, ['The Final Countdown'](#) back in 1986 or as [Bon Jovi](#) 'wannabes,' which to be honest is a huge injustice on both counts.

While I recognize that it was indeed for me *'that song'* that got me to listen to the band, it also made me dig into their back catalogue after reading interviews with the band at the time, as they quoted their influences as [UFO](#), [Thin Lizzy](#), [Deep Purple](#), etc and I just had to go listen to other stuff.
