Who DOESN'T like Flipper?

No, we're serious, show us the guy or girl who doesn't like flipper and we'll kick their ass, or have Bruce Loose do it.

Flipper have been back in effect for a while now with none other than Krist Noveselic in tow and honestly we'd be lying if we didn't say we were dancing around like little school girls waiting for a new record. Well stop your dancing, they're coming out with a new record and we've teamed up with the guys to do a contest giving away Flipper's entire back catalog and the new record to the first person who tells us the best rumor they've ever heard about Flipper.

So email us at Contests@buddyhead.com and maybe you'll get some free Flipper shit.
