Candy Now! - S/T

When I think of Blag Dahlia, I think of a whole bunch of things including naked midgets, kinky sex and perverted manners. Not that I fantasize about the man, it's just what he usually sings about when he's in the studio with The Dwarves.

So when I get a solo album from the good man containing duets with 'normal' lyrics, I'm somewhat confused. After hearing the album again, I was pleasantly surprised. And after the third spin, I was hooked. Along with vocalist Angelina Moysov (Persephone's Bees), Blag cranks out some loungy pop, garage and country songs that are light on the ears. Guest vocals Nash Kato (Urge Overkill) on two songs complete this album and make me write the lamest pun in years... Candy Wow!

Score: 7 out of 10

ABOUT PUNKROCKTHEORY.COM

PunkRockTheory.com is an online zine that has been around for seven years. We still love to force our elitist opinions on people and ask bands the dumbest things first. We currently have twelve restraining orders running against us and we are working on lucky number thirteen!

Recently our server crashed and we lost everything, including our whole database. Since work on the new site is taking a bit longer than expected, we're using this blog for now to post all the latest reviews and interviews.

We hope that's fine with you.
