GENITORTURERS To Release 'Blackheart Revolution' In November - Sep. 2, 2009

Florida-based "shock-rockers" **GENITORTURERS**, featuring **MORBID ANGEL** frontman **David "Evil D" Vincent** on bass, will release their new album, "**Blackheart Revolution**", on November 3 via **MVD Entertainment**.

According to a press release, "**Blackheart Revolution**" "combines the band's signature genre-bending musical style of aggressive rock, mechanical metal and underground electric pop with all the twists and turns of a sonic roller coaster of seductive mayhem that the band has crafted over their now legendary career. Co-produced by **Scott Humphrey (MÖTLEY CRÜE, ROB ZOMBIE, OZZY OSBOURNE)**, mixed by the masters at **Chop Shop**, this new release delivers exceptional songwriting and superior sound quality that is sure to deliver the intense aural fix the fans deserve. The **GENITORTURERS**, a band whose dark, enchanting and aggressive style has entertained the world for over a decade, now presents a new chapter in their ongoing book of provocation."

Commented frontwoman **Gen**: "Beholden to no one other than ourselves...we went back to our roots, to what inspired us to play music...and based on the eclectic nature of each of our musical tastes these roots ran deep and wide."

All I can say after catching this headline is STAB STAB STAB STAB STAB STAB STAB!!!! Fucking alcoholics. It's not like the world has waited 20 fucking years for a new Genitorturers album. That would be more along the lines of "where the fuck have you been all my fucking life?".
