Tampa's theatrical and risqué hard-rock/ industrial band Genitorturers return with a brand-new album titled *Blackheart Revolution* [G-Force/MVD Entertainment] and a naughty single titled "Cum Junkie" (available on iTunes and via limited-edition 7" vinyl). They call their new studio release "a mesmerizing blend of infectious riffs and riotous overtures that lay the sexually-charged foundation for frontwoman Gen, the master of turbo-charged ceremonies and erotic rituals" (see story). With the Sex Slaves and newly-solidified rock trio Torture Town with as set of new tunes of their own "face-melting, ball-rocking" stuff (see story). 8 p.m.
