**American Speedway - Ship Of Fools**

Suburban

file under Punk / Hardcore

Cor: I can actually be pretty brief about 'Ship Of Fools'. In short they are tight, massive and very angry (and that does not concern the lyrics, but the presentation). This one comes thundering through the speakers, and does not stop until thirty minutes later the CD has stopped spinning in your player. As references you could take Nashville Pussy, Zeke, and a punky Motörhead.

Despite the fact that all songs come with the same heaviness, it does not get boring for a second, as the cunning musicians use a lot of creativity in riffing and breaks (and the album is pretty short of course). The grinding guitar punk sound with pure speed metal riffs is of a rare quality; a very nice one! I also read somewhere that the band will release this album on vinyl and if you buy that version, you get the CD for free as a bonus!
