[Various Artists - Immortalised: Earache Records 1986-2000](#)

Sep. 29, 2008 @ 8:34 pm | by dr.park

The golden age of **Earache Records** is simply legendary. Rarely has there ever been such a collection of pioneering bands of extreme music on one label at a special period of time. This DVD features many of the greatest bands ever such as **MORBID ANGEL**, **CATHEDRAL**, **NAPALM DEATH**, **CARCASS**, and **ENTOMBED** as well as some that never quite broke big such as **GANDALF** and **DUB WAR**. The most glaring and immediate characteristic of this compilation is the grainy visual quality of it all. The DVD looks as if it was taken off of an old VHS master tape. Some videos look worse than others. *Immortalised* finds redemption for this flaw in the fact that the material on the DVD is just too strong, diverse, and entertaining to deny. There are serious and dark videos such as “**God Emptiness**” from **MORBID ANGEL** and just some straight out annoying songs such as “**Meat**” by **LINEA 77**. Comedic highlights can be found in the blatant musical equipment endorsements in **SLEEP**’s “**Dragonaut**” or the pro wrestling highlights in **IRON MONKEY**’s “**Supergorgonizer**.” There are also bonus live songs from bands in which **Earache** has already released live DVDs of. Whether you’re a metal newbie, a seasoned veteran looking to relive the good old days or just somewhere in between, there’s truly plenty for everyone. (MVD Visual)
