

REVIEW SCALE

5 – The album is excellent, it could also be considered perfect or near perfect. There may be a few glitches or setbacks, but they are not detrimental.

4 – The album is very good. There aren't too many glitches or setbacks but the ones that are present keep the album from being excellent.

3 – The album is mediocre. While the album is alright, there isn't anything that makes it stand out above other albums. Some of it is good, and some of it needs work.

2 – The album is bad. Many things have gone wrong, and unless it happens to be within your personal favorite genre, chances are it's not even worth your time. The band has a lot to work on.

1 – The album is terrible. The album isn't worth your time, no exceptions.

Note: Be aware that in November 2004 the grading scale was revised to how it is shown above in order to maintain more consistencies between our reviewers. Many of the reviews in our Archive may include ½ marks and ¼ marks and please be aware that the ratings at that time were also more open to our reviewers' interpretations of the rating scale, as opposed to this now absolute grading scale which our reviewers are responsible to follow in their rating procedures.

REVIEWS

iCRUSHER Complete - Earache Records Compilation (DVD) - added - February 15th, 2008

Reviewer: **Ruben Mosqueda**

Earache has put together a compilation of video and audio clips from the label's hard, heavy, and genre-defying roster. The end result is *iCRUSHER*. This phenomenal DVD compilation which features videos by the likes of Mortiiis, The Haunted, Godflesh, Society 1, and more. As an added bonus, there are live performances from Napalm Death, Carcass, and Cathedral, among others. The bonus features are Society 1 behind-the-scenes, studio footage, and December in the recording studio. There are exclusive audio tracks from Usurper, December Wolves, Insision, Ultraviolence, Cult Of Luna, and more. For clips that you'll never see grace music video shows in North America, or if you're in the mood to expand your metal palette, *iCRUSHER* won't disappoint.
