URBAN LEGENDS

directed by: Bill Osco

starring: Dino Lee, Carl Crew, Rusty DeFage, ...

With a DVD cover promising me gruesome, violent, bloody and deadly scenes of what human beings can do to one another, I expected a Faces of Death style movie. I forgot to count in Rusty DeFage though and so instead I was treated to bad stand up comedy, even worse sketches and a whole lot of some of the worst acting known to mankind with incredibly annoying voices. Hey, that 'incredibly annoying' part actually goes for this entire movie!
