DESPERATELY SEEKING PAUL McCARTNEY

A Journey Into The Past...In Search Of A Future

(MVD Visual)

by *Chris Forbes*

This was a kinda funny little flick about a female reporter some 40 years ago asks Paul McCartney on film if he has any plans for marriage and replies to her, "Only if you'll marry me" and now 40 years later Ruth Anson (the reporter) seeks out Paul to find out to find "closure" and she goes in search of Paul. She tries to crash the Grammys, interviews a porn star, tries to find out where he lives, etc. Does she ever find Paul and get to ask him that burning question? I won't reveal the ending, but this was a neat little light hearted film that had me laughing more than a few times. Info: <http://www.mvdb2b.com>
