Limp Bizkit - Return to Release “Rock in the Park 2001” Live DVD

January 14th, 2008, 10:52 pm

Since introducing their ground-breaking 'nu metal' sound to the burgeoning rap-metal scene in the late Nineties, **LIMP BIZKIT** has sold over 33 million albums around the world. The band are now going to release...a DVD.

Rock In The Park 2001 is to be issued by **Liberation Entertainment** on March 31, and captures the band performing at Germany's biggest and most prestigious rock event held annually in Nuremberg, the famous **Rock In The Park Festival**.

Rock In The Park 2001 will be released as single DVD disc, and additionally as a 2 disc CD/DVD set. The live-in-concert DVD is available to enjoy in its 85 minute original TV edit version, and also as slightly shorter 73 remix version. Both releases feature an exclusive interview with **D.J. Lethal**.
