

Talib Kweli
Live at the Shrine
(MVD Visual)

For as many live shows as this BK, NYC rapper has performed it's amazing that only now does his first-ever live concert DVD surface. If you've never seen this wordsmith live, please do.

Like I've said many times before

(twice in this paper in live show reviews), he's a beast on the mic, rapping for hours straight with grace and profundity. To his credit, he has ample California love for West Coast MCs, as he brings out Strong Arm Steady, and reverie for the hip-hop pioneers, hailing

KRS-One as he joins him onstage.

Extras: behind-the-scenes interviews with Kweli and KRS-One and rehearsal footage.

Grade: B

—Jessica Koslow
