## "Punk Rock Karaoke" DVD+CD

A novelty item, for sure, but kinda fun in a throwaway sorta way. The CD is a solid covers disc, featuring various all-star guest vocalists (like Dicky from the Mighty Mighty Bosstones, Matt Skiba of Alkaline Trio, Jim Lindberg of Pennywise, Dave King of Flogging

Molly, and Jordan Pundik of New Found Glory(??)) covering classics by Dead Kennedys, Minor Threat, Dickies, Buzzcocks, Black Flag, Stiff Little Fingers (the awesome 'Suspect Device'), etc.

Unnecessary, but amusing.

The DVD features these songs as videos, as well as a section of instrumental cuts with the lyrics so you can, theoretically, 'perform' these yourself in the comfort of your own TV room. Likely fun in a bar setting, with the all-star band (members of NOFX, Circle Jerks, Adolescents, Agent Orange, etc.) backing you up. On disc it's rendered reasonably feeble. Some additional footage of live audience members singing these songs is entertaining, with some solid performances (among the embarrassing), but overall this is a pretty lightweight and forgettable set.
