Chic - Live At The Budokan

Charly/MVD, 83 minutes, not rated, \$19.95

Final concert for the disco-era band, performed at the famous Tokyo venue in 1996 before member Bernard Edwards' death. The group is joined by Sister Sledge and Guns 'n' Roses guitarist Slash, who solos on "Le Freak." Might be worth it just to see that. Extras: biographies, discographies, commentary by Nile Rodgers, tributes to Edwards.
