

HISTORY ON MY ARMS
with Dee Dee Ramone
(Directed by Lech Kowalski)

History on My Arms (MVD)
Three short documentaries by **Lech (DOA) Kowalski** about the misadventures of the late **Dee Dee Ramone**; he's in fine spirits as he recounts his dope days with **Richard Hell** and **Johnny Thunders** in the title film, while **Hey Is Dee Dee Home** is a sour recounting of the disastrous supergroup he formed with **Stiv Bators** and **Thunders**. **Die Toten Hosen** drummer **Vom Ritchie**, who was recruited to play with this ill-fated outfit, gives a saner recounting of the events in **Vom in Paris**.
