

This acclaimed feature length music documentary comes to special edition DVD featuring incredible live performances from: The Clash, X-Ray Spex, The Jam, Boomtown Rats, The Adverts, The Lurkers and many more! Digitally remastered to the highest standard from the original 1978 negatives by BBC Post Production, this access-all-areas documentary really captures the punk phenomenon in all its raw power and energy. Featuring early live material from The Clash, X-Ray Spex, The Jam,

The Adverts and interviews with those who strived for anarchy in the UK, Punk in London is a unique and powerful record of punk life as it really happened in the late '70s. Filled with stunning live performance and insightful interviews, this remastered DVD-9 release features incredible picture and sound clarity along with previously unseen bonus footage of The Clash in Munich. Also included is with a retrospective interview with director, Wolfgang Pild and trailers for other Odeon documentaries.

Release Date: June 16, 2009
