## D.O.A. - The Men Of Action CD/DVD

An amazing thirty years into their existence, one of Canada's most well-known punkrock outfits is coming at you with "The Man Of Action", a DVD which features a whopping 26 videos along with D.O.A.'s story told by Joey "Shithead" Keithley himself.

"Disco Sucks" goes all the way back to 1978, making it the oldest video on here. The other videos collectively span the band's entire career leading up to... well, now and all come with remastered audio. And as if all that goodness isn't enough yet, they also throw in a copy of their latest studio album ("Northern Avenger") which came out last year. Not sure why they did that since real fans will already own their copy, but I guess it's a nice touch.

Anyway, congrats on the 30th anniversary... here's to thirty more years of punk and anarchy!

**Score: 7 out of 10**

### ABOUT PUNKROCKTHEORY.COM

PunkRockTheory.com is an online zine that has been around for seven years. We still love to force our elitist opinions on people and ask bands the dumbest things first. We currently have twelve restraining orders running against us and we are working on lucky number thirteen!

Recently our server crashed and we lost everything, including our whole database. Since work on the new site is taking a bit longer than expected, we're using this blog for now to post all the latest reviews and interviews.

We hope that's fine with you.
