The 1972 counterculture comedy *Gold: Before Woodstock. Beyond Reality.* stars **Garry Goodrow** as the super-square Capt. Harold Jinks, out to put a stop to all the naked hippie chicks running around on his land. Fortunately, there is a long-haired groovy dude (**Del Close**) who won't let that happen. You'll be sprouting some Woodstock of your own when you dig the dairies, duff, and downy pubic thatch of **Caroline Parr** as she gets it on with her dude. Peace... of ass!

All of Ms. Parr's parts are on full display in this fully nude psychedelic sex scene. Pure gold!
