

**Michael Jackson** - *The Life and Times of The King of Pop: 1958-2009*  
4/3

O's Notes: This is a DVD focused on the Memorial service of legendary pop king Michael Jackson. It starts with a few brief shots from his past leading up to the events surrounding his death. There is video footage of the 911 attempted rescue and Jermaine's comments announcing his death at the hospital. From there it goes to the memorial tribute service with comments from Barry Gordy, Nelson Mandela, Smokey Robinson, Brooke Shields, Magic Johnson, Stevie Wonder, Usher and of course the family. Finally we heard the fan response to it all, admiration and respect. While the a/v quality is not always the best, the content is exceptional. It gave us a glimpse of MJ, the man, his music, his family and his legacy.
