

GO WEST 'KINGS OF WISHFUL THINKING LIVE DVD'

(ANGEL AIR RECORDS/MUSIC VIDEO DISTRIBUTORS)

In the 1980s a very popular band in the UK, but in the rest of the world only known for their hit "When I close my eyes" and their appearance on one of the best soundtracks of all times (ROCKY 4). Now a DVD is available of a recent concert they gave. Although they lost their 80s hair look, the band still sounds like the 80s, with a big keyboard sound and soulful lead vocals. All their UK hits were performed during the concert they gave and although I had not listened to this band before it gave me a good feeling watching this professional recorded DVD. The typical 80s poprock sounded fresh and for fans of bands like MR. MISTER, SPANDAU BALLET, GLASS TIGER, etc. this DVD is a must-have because GO WEST was another typical 80s product and they still sound very strong. Besides a full concert performance also interviews with the 2 main members (Peter Cox and Richard Drummie) and a history bonus feature is included on this 2 hours and 40 minutes counting DVD, which is available through:
