If you are a Gillan fan, "Live Edinburgh 1980" is one show you wont want to miss. This guy is one h... of a performer. The songs are great, the musicians excellent and really are "into it". The people that have transfered this TV show to DVD did a great job. Visually and sound wise... the result is more than excellent.

Nine great tracks and some very interesting bonus material. For **Gillan** and **Deep Purple** fans, this is one DVD you can't go without. Highly recommended indeed.
