

MAGGIE BELL & THE MIDNIGHT FLYER
Live Montreux July 1989 DVD
(MVD Visual)
by Chris Forbes

I have never heard of this lady and her band before, but I tell you what I am impressed. This is pure rock n roll blues and this lady can pack a wallop on the vocal side too. All the songs are kick ass rock n roll numbers that wouldn't be out of place on a Deep Purple or UFO release. The camera work isn't bad for 1989 and the sound is good and the band sound very tight. A great rock n roll DVD that made me a fan and now I am gonna look for her stuff on CD as well. Info: <http://www.mvdb2b.com>
