Volume 31/Number 3

November 3, 2007

JOHN MARTYN/Couldn't Love You More: One of the great cult figures of all time, it turns out his career got it's first push because he was one of the few people that could get through to label mate Nick Drake and his label was hip enough to know it. Still a cult figure all these years later, he gets pals/guests like Phil Collins and David Gilmour (as well as Gerry Conway and Andy Sheppard) to come round and lend a hand. Tell you something? A hard luck guy that deserved better, this collection has some new versions of stone classics and certainly deserves your attention if you have any kind of folkie bone in your body.
