Mott the Hoople

The Whole Story

Documentary

Rating: 3 1/2 out of 5

With Ian Hunter and all the old dudes of Mott reuniting for 40th-anniversary gigs in England this week, there's no better time to check out this reissued chapter in the Under Review series. The hour-long 2007 doc traces the '70s rockers' career from end to end, with tons of live performances, archival footage and new interviews with critics and fans like The Clash's Mick Jones.

Little Feat

Skin it Back

Live

Rating: 4 out of 5

If you're like me, you've spent 20 years slowly wearing out your 10th-generation VHS copy of Little Feat's 1977 appearance on the German TV series Rockpalast. So this pristine DVD version of the entire 11-song set will be most welcome. Even more welcome: Nearly half an hour of previously unreleased rehearsals, including performances of Rock 'n' Roll Doctor and Willin'. Danke.
