DJANGO REINHARDT - KING OF JAZZ GUITAR

Django Reinhardt's music still looms as the standard to be attained some 50 years after his death. The Gypsy guitarist, who played with only two fingers of his left hand, was Europe's first jazz superstar. He's the unschooled genius who created his own musical and compositional style and became a legend. Discover his music, his melodic abilities and his skill at achieving simultaneously technical precision and deeply meaningful tonal nuances in this unique tribute to the king of jazz guitar.
