## The Charms Tour To Support Documentary

7/24/2007

By: [Patrick Steven Patterson](#)

The Charms will soon leave to [tour](#) supporting the release of the DVD *Easy Trouble*, a film by Boston filmmaker Ben Oliver, based on their struggles and triumphs in an ever-changing climate for mid level bands.

The Charms have received much support from Steven Van Zandt's "Underground Garage" radio show - having their CD *Pussycat* the top disc of 2005. In an interesting twist, the band signed with Wicked Cool, Van Zandt's label, but left the label less than a year into the deal over a host of disputes. The future for the band is still bright. They have a new digital-only release coming out on Red Car Records in the Fall and plan to release a new album in 2008 on a yet to be determined label.
