'Ana Popovic - Ana!'

(DVD / NR / 2005 / Music Video Dist.)

Overview: The DVD was recorded at the Melkweg in Amsterdam, The Netherlands. A home match for Ana Popovic the native of Belgrade lives in Holland since several years. The refrain of her first song "Don't Bear Down On Me" can be taken straight away as the motto of the whole evening: "Im Here To Steal The Show." And indeed, that's what she does! 29 year-old Ana Popovic proves with her own songs and fresh interpretations that she is an excellent and expressive guitarist with a powerful voice.

DVD Verdict: Ana is one of the best guitar players I've heard or seen in a real long time! Look out world the Throne of Stevie Ray is about to be seated! She is that good. Ana has a perfect blend of blues and jazz with just enough of an edge to rock. She also tears it up with a slide. That is favorite part of the whole DVD. Well worth checking out. OK, I gotta calm down, 'cause where there's no doubt that Ana has major talent and is a master of the guitar in truth you'd probably enjoy this performance more if you only listened to the CD! You see, the major problem with the DVD is that the director cuts to a different camera every 2-3 seconds! For example, when Ana goes into a ripping solo, you see the drummer's face, then the keyboard, then the bass player, then the ... well, you get the idea. A good director knows to stay where the action is! This is a Full Screen (4:3) Presentation.
