

Ana Popovic - *Ana!* 4/3

O's Notes: Yugoslavian guitarist and singer Ana Popovic is captured live in Amsterdam. She gets into her blues groove on the second track "Sittin' On top of the World" which is complemented by the Hammond B3. There is some rich harmonizing on "Comfort to the Soul" and we were impressed by Ana's prowess on guitar, particularly on "Night By Night". She's a blues artist and a good one as the Dutch crowd realized that night!
