## Pop Top: Nine Inch Nails doc unsatisfying without Trent

The Salt Lake Tribune

Updated: 04/13/2009 11:33:57 AM MDT

Grade: C

DVD » For a low-budget DVD, production company Video Music, Inc. has assembled a good mix of critics and former band members for "[Metal Machine Music: Nine Inch Nails and the Industrial Uprising](#)," a long (136 minutes) documentary focusing on Trent Reznor's music. Made without permission or support from Reznor, the doc offers a good overview of his career trajectory, but lacks insight. Live tour clips can't make up for the fact that this is a largely unsatisfying dissection of one of the most provocative musicians of the past two decades. For completists only.
