Synopsis: The sex drive of promiscuous girls heightened when the planet Venus aligns with located.

In the Sign of the Virgin was written and directed by Werner Hedman (*Justine and the Boys*). One of the more endearing aspects of the film is that at times it echoes the style of Ennio Morricone. However, it is not clear who the composer of the score is. The film does list Leif Jensen and Ole Ørsted under

The plot for *In the Sign of the Virgin* revolves around a boarding school for girls that are not as virtuous as they appear. A professor is sent in to observe these young ladies and

Venus has aligned that all hell doesn't break loose. He has also been given a powder that curbs one's libido. To another professor who has invented a powder that increases one's libido arrives in town around the same time and they accidentally mix up their luggage. In the mix up they unknowingly switch the powders they have been transporting and chaos proceeds.

Visually this film features many standout moments like a barber who likes to shave his partners during intercourse where the new girl at the boarding school is covered in food. All of the sex scenes are exceptionally done and the rest of the plot. The only scene that falls short is a hallucination sequence that does not hold up well.

All around the entire cast are all very good in their respective roles. Besides Anne Bie Warburg ([Justine and Juliette](#)) actresses portraying the girls from the boarding school appear to have only appeared in this film. There are a few other cast members like Sigrid Horne-Rasmussen ([In the Sign of the Taurus](#), [In the Sign of the Lion](#)), Benny Hansen ([In the Sign of the Gemini](#)), Bent Warburg ([Justine and Juliette](#), [In the Sign of the Gemini](#), [In the Sign of the Scorpio](#)) and Ole Søltoft who is often featured in many of director Werner Hedman's films.

The DVD:

In the Sign of the Virgin is presented in an anamorphic widescreen that frames the image in a 1.78:1 aspect ratio. Colors, flesh tones and black levels fare well throughout. This transfer has not been flagged for progressive playback.

This release comes with one audio option a Dolby Digital stereo mix in Danish. This audio mix fares well as everything is clear and balanced. Removable English subtitles that are easy to follow and error free have been included.

Extras for this release are limited to an image gallery that plays like a featurette with music from the film playing in the background. Overall Smirk gives *In the Sign of the Virgin* a strong audio / video presentation.
