**In the Sign of the Virgin/In the Sign of the Taurus/Agent 69 Jensen - In the Sign of Scorpio/In the Sign of the Lion/Agent 69 In the Sign of the Gemini/In the Sign of Sagittarius/The Hostess Also Likes to Blow the Horn (MVD)**

Hot on the heels of MVD's **Classics of French Erotica** DVD series comes this dogpile of '70s Danish sex comedies with mild hardcore content. Several hinge around the misadventures of half-assed spy Agent 69 (**Ole Soltoft**) and compare favorably to the British softcore laffers of the early part of the decade, only with occasional flashes of real fucking. Be prepared, however; while the ladies are frequently creamy-dreamy, the gents look like they've escaped from the local looney bin, and are no one you wanna see naked. And hey, **Torben Bille** – the **Sinful Dwarf** himself! – appears in two of the movies! **The Hostess Also Likes to Blow the Horn** is an unrelated German period sex comedy with exploitation vets **Harald Leipnitz**, **Rosalba Neri** and the super-fine **Andrea Rau** (**Daughters of Darkness**); it's also part of a long-running series based around its main character, an enterprising madam (played by Teri Tordai) in Napoleonic Europe.
