Magni - Magni

Magni - Magni CD (Spectra Records)

I thought that this was gonna be all acoustic songs but it got a little better with a rock song on track 3, it does sound a little like Creed or bands of that ilk, not really for me. I do admire the arrangements of the songs & they are well written and if a more well known band had released this it would be well received in the music

press, but it doesn't grab my attention enough to want to play this more than a couple of times **Paul Hoddy**
