JT appears on the excellent new DVD and Blu-Ray box set Spectacle: Elvis Costello with... (Season One). A whopping 650 minutes includes JT's episode, with fascinating interviews about JT's musical influences and songwriting style, plus exclusive performances of Why Baby Why, Fire and Rain, That Lonesome Road, Sweet Baby James and Crying in the Rain (duet with Elvis Costello). Costello and Laura Cantrell also perform a great cover of Bartender's Blues. This top notch box set also includes Elton John, The Police, Tony Bennett, Smokey Robinson, Diana Krall, Norah Jones and many others, plus a bonus disc of unreleased interviews and performances. Highly recommended!
