The Scarlet Worm (2011)

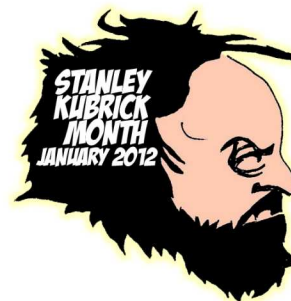

The Scarlet Worm (2011)
 Director: Michael Fredianelli
 Where to get it: MVD

When a middle-aged gunslinger is hired to kill a brothel owner practicing barbaric acts on his prostitutes, he may not have time for his usual, stylish methods of assassination. And he may not be killing for the reason he thinks. So see there? The plot thickens! And it thickens very well if I do say so myself. Not only is this a movie for the people who like western films, this is one that is good enough to find a place with anyone who loves film in general.

Well, this sure isn't your daddy's western movie. The Scarlet Worm was a film that going into I knew nothing about. But now after seeing it I can honestly say it's well shot, well crafted, well acted, and superbly comes together to give you a western style film that feels more like a mobster movie in a lot of ways. Being a very character driven affair, the character of Print, played by actor Aaron Stielstra, jumps off the screen at you in a very memorable performance that just about makes the entire picture. It's a movie that packs a very nice punch with it's twists and turns that could rival many more well known and bigger budgeted films in this same vein. You may not know what this film is now, but I think once you see it you'll be speaking nothing but highly of it.

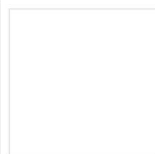

The story is about a man who doesn't just kill, he makes an art of it. But don't worry, as brutal as his methods are, in his mind he is doing it for all the right reasons. When he's sent to do in a guy running a whore house (for lack of a better term), the job seems easy and simple enough. But once we dig down deep into things and the plot gets much more complicated, you'll find yourself a little on edge at times. This of course is a very good thing, ya know? Not to mention the fact this movie has tons of violence and give us lot of nice bloody moments and cool deaths on screen. Enough to make even a horror fan appreciate it. So with all that being said, I do gladly recommend The Scarlet Worm to you guys reading this.
