I can't think of a creative title for this post. I've watched the trailer for *Where The Dead Go To Die* a couple of times now and it leaves my eyeballs spinning and my head screaming, "WTF?!" *Where The Dead Go To Die* is definitely something very new, something we haven't seen before. The fact that it is animation that borders on SIMS\* like at points... Well, we can excuse that in light of the overall concept.

I'll take this part directly from Facebook, "*Where the Dead Go To Die* revolves around a troubled group of children living on the same block. They are haunted by a talking dog named Labby who brings them on surreal hell-rides between different dimensions and time periods. On the night of a lunar eclipse he informs Tommy about the devil fetus living inside his mother. The same night he attempts to help Ralph court the girl across the street, who is an unwilling participant in her

father's child porn tape trading ring. Add in a memory stealing junkie living inside an abandoned church and you have 93 minutes of pure mind melting insanity!"

*Where The Dead Go To Die* is written, directed, animated, and scored by Jimmy ScreamerClauz. Characters are voiced by Ruby LaRocca, DeVanny Pinn, Brandon Slagle, Joey Smack, Linnea Quigley, Joshua Green, Trent Haaga, and many others.

*Where The Dead Go To Die* is available on DVD and Blu-ray, and is also rentable through YouTube. [Click here](#) to buy it from Amazon.com. [Click here](#) to view the trailer on YouTube.
