The horror flick *Thanatomorphose* (2012) follows Laura (**Kayden Rose**), a young, beautiful and lonely artist having difficulty dealing with life and her fledgling art career. To make things worse, the sad chick is stuck in a shit relationship with an abusive dude (**David Tousignant**). After a night of rough sex, Laura discovers bruises on her body that continue to spread. The bruises soon turn into decay, leading the decomposing babe into a life of isolation that leads to a gruesome ending. As the film turns grim, Kayden Rose shows boobs and bush in multiple scenes. Necro-licious!
