STEVE WHITE/Steve Ain't White: He's been in movies and TV for 30 years hanging out with Spike Lee, Eddie Murphy and Jamie Foxx yet I'll bet you don't know him by name unless you're a real hard core comedy nerd. As long as those SAG payments provide him with a good living, we wind up winning because he can labor in the vineyards, beholden to no one and occasionally offer up topically funny records like this that cross racial lines and bring on the yuks. A really funny cat that deserves a wider audience for his stand up work, this is a right on, under the radar find that knows how to bring it. Certainly good for more than a laugh. Check it out.
