KRISTIN KEY / The Moral of the Story: With 4 years and a jillion miles under her belt since her last record, there's a load of new material and polish on display here. Still keeping her sea level/regular girl appeal in tact, she still comes across as your pal--the one that isn't afraid to step out but not to the extent of being a psycho. Smart delivery, sharp observations and lot of laughs that just don't quit, Key is one of those hard charging comics that hit the ground running when she knew what she wanted to do and hasn't looked back. She's got the special gift that she does chick humor with enough edge that guys can enjoy.
