Snakes & Music “Isabelle”

(Universal Warning, 865 Main Street, Royersford, PA 19468).

Snakes & Music are the kind of band I would expect to find on Jade Tree around 1995. The band features two former members of the Jazz June and falls in line with bands like the Cap'n Jazz and Joan of Arc. The band falls somewhere between acoustic singer- songwriter and angst ridden early '90's "Alternative". While I won't pretend that this was ever my scene, I am confident that this will sit well with the remainder of the Caesar cut, backpack kids and fans of Kill Rock Stars bands. (CD)
