This film chronicles the 1978 concert at Knebworth which featured British Band Genesis as headliners. Also appearing but not on this DVD were Jefferson Starship, Tom Petty and the Heartbreakers, Devo Roy Harper, Brand X and the Atlanta Rhythm Section.

The package comes with a reproduction copy of the official program.

Remember Knebworth 1978 Featuring Genesis: A Midsummer Night's Dream is actually a 23min version of the hour long documentary which can be found on the 2007 re-master edition of *Then There Were Three* bonus disc. (also part of the 2007 multi-disc set: *Genesis 1976-1982*)

COMMENTS & REVIEWS

Don't be mistaken, this is not a concert DVD. It is an interesting documentary on the Knebworth 1978 day that featured **Genesis** as a headliner. For me the most interesting part of the film was the two segments of the band playing two tracks from there *And Then They Were Three* album.

As a bonus you get a very interesting interview with one of the organisers and a reproduction of the nights official program. For those into Prog/Rock history, *Remember Knebworth 1978 Featuring Genesis: A Midsummer Night's Dream* is an interesting documentary.
