

REVIEW SCALE

5 – The album is excellent, it could also be considered perfect or near perfect. There may be a few glitches or setbacks, but they are not detrimental.

4 – The album is very good. There aren't too many glitches or setbacks but the ones that are present keep the album from being excellent.

3 – The album is mediocre. While the album is alright, there isn't anything that makes it stand out above other albums. Some of it is good, and some of it needs work.

2 – The album is bad. Many things have gone wrong, and unless it happens to be within your personal favorite genre, chances are it's not even worth your time. The band has a lot to work on.

1 – The album is terrible. The album isn't worth your time, no exceptions.

Note: Be aware that in November 2004 the grading scale was revised to how it is shown above in order to maintain more consistences between our reviewers. Many of the reviews in our Archive may include ½ marks and ¼ marks and please be aware that the ratings at that time were also more open to our reviewers' interpretations of the rating scale, as opposed to this now absolute grading scale which our reviewers are responsible to follow in their rating procedures.

Clutch - Full Fathom Five: Video Field Recordings 2007-2008 (DVD) - added - November 11th, 2008

Reviewer: **Ruben Mosqueda**

As many of you Clutch disciples already know, their show is high energy, no frills and an event in it's self. Clutch combine an array of genres in their sound and cull from the blues, hard-core, classic rock and metal and the end result is a unique, diverse and difficult to market band. Their DVD *Full Fathom Five* captures Clutch doing what has earned them their reputation over the course of their eight studio albums, playing live. *Full Fathom Five* is a compilation of tracks taken from five shows in support of their last studio album *From Beale Street to Oblivion*. This DVD is extraordinary and sure to please longtime fans and impress casual fans. Sadly there are no extras included in this DVD, but in the end none are required.
