Clutch Move

Clutch is making sure fans can get their "Full Fathom Five" recordings. Previously only available on tour and in select music stores, the band is now making both the CD and DVD recordings of their live offering widespread for fans. The sets were compiled over sold out shows in Boulder, Sayreville, Pittsburgh, and Melbourne during the band's 2007 and 2008 touring. Both the "Full Fathom Five" packages will be in stores November 11th.
