People I Loved

Lyrics by Anand Wilder

1st Verse

“What did you love about him?”
She asked you to speak,
The confusion was settling in,

Chorus

‘Cause I was so hard on the People I Loved
Yeah I was so hard on the People I Loved

2nd Verse

Never missed a chance to make you feel small,
Let you whistle your tune,
But decorum matters above all

Chorus

Why was I so hard on the People I Loved?
Why was I so hard on the People I Loved?
Instead of cutting you off and rolling my eyes,
I could’ve praised your work could’ve feigned surprise
At the People I Loved
Yeah at the People I Loved

(Na na na
Na na na na
Na na na na na na na)

Bridge

Maybe you'll be fortunate like me,
To know you're lying on your deathbed,
Crossing your name off all the committees,
Singing Delores and stoned out of your head,

Chorus

And surrounded by the People you loved
Surrounded by the People you loved
Didn't I soften up laid flat on the decks?
Right before you planted me right next,
Yeah right before I was planted right next
To all the People I Loved

Outro

Why was I so hard on the People I Loved?
Why was I so hard on the People I Loved?
(Na na na
Na na na na
Na na na na na na na)

Crack A Smile

Lyrics by Chris Keating

1st Verse

I've been low down,
Cus baby
You got all that power now,
All you tantrums of misrule,
Reveal the nature of the fool

Chorus

Say that your miracles are divine,
I can see evil in your eyes,
The manifestation of something I despise
Every time you flash
The crooked smile
I sigh....
You're a liar

2nd Verse

Can't believe you're at the helm,
The psycho captain
Of this fading realm,
All you tantrums of misrule,
Reveal the nature of the fool

Chorus

Say that your miracles are divine,
I can see evil in your eyes,
The manifestation of something
I despise,
Every time you flash
The crooked smile
I sigh....
You're a liar

3rd Verse

I've been low down
Cus baby you got so much
Power now

Chorus

Say that your miracles are divine,
I can see evil in your eyes,
The manifestation of something
I despise
Every time you flash
The crooked smile
I sigh....
You're a liar

Blue Skies Dandelions

Lyrics by Anand Wilder

1st Verse

James says you've got the common touch,
But your pack of hooting swine don't mind you love yourself too much,
James says he never saw you laugh,
Just your disturbing autograph

Chorus

There must be something I can do,
I wish I could make you less lonely,
Or build a pyramid to die in.
I'll try to help you through,
Pills might make you feel less uprooted,
Blue Skies Dandelions
Just got a new supply in.

2nd Verse

I know it's hard growing up on top,
Torment innocent animals?
You hope the habit stops
I don't deserve to breathe the same air,
You really look so small up there.

Chorus

There must be something I can do,
I wish I could make you less lonely,
Or build a pyramid to die in.
I'll try to help you through,
Pills might make you feel less uprooted
Blue Skies Dandelions!
There must be something I can do,
I wish I could make you less lonely,
Or build a pyramid to die in.
I'll try to help you through,
Pills might make you feel less uprooted,
Blue Skies Dandelions,
Just got a new supply in.

Let Me Listen in on You

Lyrics by Anand Wilder

1st Verse

They're slipping through the holes again,
Those fire ants they bite,
And they don't make love like we used to,
We don't read by candlelight

2nd Verse

And I'll watch out for you my friend,
If you keep an eye on my place while I'm out of town,
And memorize this handshake so I'll know you need to be put down

Prechorus

I'd like to help you but my hands are tied,
Don't look so nervous you've got nothing to hide

Chorus

I can make your dreams come true,
If you let me listen in on you
Let Me Listen in on You

3rd Verse

Digging through the bottles and the cans alone,
I didn't mean to slice my fingers to the bone,
I'm kind of high from your lullaby,
I won't admit the reason why,

Prechorus

I'd like to help you but my hands are tied,
Don't look so nervous you've got nothing to hide,

Chorus

I can make your dreams come true,
If you Let Me Listen in on You,
I can make your dreams come true,
If you Let Me Listen in on You,
Let me Listen in on You

Bridge

Have you seen the big guns in the bay?
The evil that men do in picture books we call them brave,
Do you need a translator to get you through your day?
They're primed and ready to come out of their caves,
Do you need a translator?
Do you need a translator?

PreChorus

I'd like to help you but my hands are tied,
Don't look so guilty you've got nothing to hide,

Chorus

I can make your dreams come true,
If you Let me Listen in on You,
I can make your dreams come true,
If you Let me Listen in on You,
Let me Listen in on You.

I'll Kiss You Tonight

Lyrics by Anand Wilder and Uma Wilder

1st Verse

I was waiting by myself,
It took a whole lot of years,
To find you so I could write this song,
With your amulets up on the shelf,
Everyone else is wearing
A new disguise that they think is right
But you know they're wrong

Chorus

I'll be OK,
This must be our fate,
You and I can do this everyday,
Even though I hate you
I'll Kiss You Tonight
I'll Kiss You all night
We can do this everyday
Even though I hate you
I'll Kiss You Tonight

2nd Verse

All your friends think that you're easy,
But they never had to make a plan
Oh man, not again.
And the only destination you can agree on,
Has been closed for twenty years,
And it's nowhere near.

Chorus

I'll be OK,
This must be our fate,
You and I can do this everyday,
Even though I hate you,
I'll Kiss You Tonight,
I'll Kiss You all night,
We can do this everyday
Even though I hate you,
I'll Kiss You Tonight.

Bridge

I know that you think I'm a disgrace,
But I can't resist
Your authoritarian embrace,
I don't wanna force the issue,
I just wanna Kiss You Tonight.

Chorus

I'll Kiss You tonight
We can do this everyday
Even though I hate you,
I'll Kiss You Tonight,
I'll Kiss You Tonight,
Even though I hate you,
We can do this everyday,
I'll Kiss You Tonight
I'll Kiss You Tonight

Ohm Death

Lyrics by Chris Keating

1st Verse

Honey I can make your body move
Keening banshee under an
Eldritch Moon
Howling out at midnight
Saying something rude

Oh that you really got into
My head

Chorus

Ohm Death
I don't want more
Ohm Death
I can't take more

2nd Verse

Honey you will make me fall apart
Cloud of red blood
Blooming from the dark
Smoke is spreading low
Mixing with ground fog

You've been around now
For so long

Ohm Death
I don't want more
Ohm Death
I can't take more

Fluttering in the Floodlights

Lyrics by Chris Keating

1st Verse

She's clinophobic,
Living that glow lamp life,
The night stays under her spell
She's alright
She's in a movie,
Felliniesque and wild,

And she got me in a spiral,
Soul driver with lazurite eyes,
She looks at me

Chorus

Shrewdly, Fluttering in the Floodlights
My oh my
I can't keep my eyes off of her
Shrewdly, Fluttering in the Floodlights
My oh my
I can't keep my eyes off of her

2nd Verse

2am Acantha,
Melancholy dancer,
Wearing an armor enhanced by
Her smirking gousset
Her wrath is a red thread,
Leading up to her bed,
Buried waist deep in my head
She looks at me

Chorus

Shrewdly, Fluttering in the Floodlights
My oh my
I can't keep my eyes off of her
