Zion Train, Dub/Dance pioneers and undisputed leaders in the genre for nearly 20 years are live at Jamm supported by some of the best artists on the Dub scene as they embark on an autumn/winter tour taking in 15 countries! The main support comes in the incredible shape of Don Letts, a true legend that turned a generation of punks onto Reggae.

Zion Train were heavily involved in alternative and DIY underground culture during the 90s as well as being purveyors of the finest Roots Reggae music throughout this period. They are one of the finest live dub acts in the world and promoted the practice of dynamic onstage dub mixing which they perform alongside acoustic instruments and the best live vocalists.

Known for their 'bouncy acid dub' and with the forthcoming release of their new album 'Live as One Remixes' at the beginning of September, expect to hear some great new versions of tracks from the original Reggae Grammy winning 'Live as One'.

A true-school reggae legend: DJ Don Letts. Over the past 30 years "The Don" has firmly cemented his reputation in both the film and music worlds. He came to notoriety in the late 70's as the DJ who single handed turned a generation of punks onto reggae. Don Lett's music philosophy is simple: "All Killer, No Filler".

Further live support comes from Onlyjoe. Having formed in late 06, Onlyjoe is a collective of musicians, DJs and promoters from all corners of London. The Onlyjoe Dub Band emerged in the summer of 08, sourcing inspiration from the Dub Sound System culture and a love of the two tone ska revival movement. Onlyjoe will make you skank.

With a support line up consisting of some of the best artists and DJ's, spinning the best dubstep and experimental beats, this night will bring some great vibes and at this price,
