

Penance

From award winning horror writer of 'Days of Darkness', a psycho attempts to "purify" several strippers through his own twisted methods.

DESCRIPTION

Based on a true character, and from the award winning horror writer/director of 'Days of Darkness', and the producer of the indie horror hit 'Automaton Transfusion', comes a cautionary tale that will make you squirm and twist in your seat. With unrelenting suspense and terror, Penance is the tale of a young, demure single mother, Amelia (Marieh Delfino), who hits upon hard times and decides to take her future into her own hands and becomes a stripper. Everything is going well until Suzy, her stripper friend, is beaten up on a job and recruits Amelia to take her place. Reluctantly, Amelia takes the job, only to find the job isn't everything it seems. Driven to a strange location by a dark and mysterious man (Tony Todd), and confronted by a grizzled hit man (Michael Rooker), Amelia's world is turned upside down, as her captor (the mind bending Graham McTavish), is intent on one thing and one thing only - to purify Amelia and the other women in his incarceration.
