

## Goa Bar & Lounge Volume 1

*New downbeat and chillout compilation.*

### DESCRIPTION

Raveline Magazine (Germany) wrote about this CD: "Ranging from typical acid line synths to hard pounding beats, from flamenco guitars to lush trance like synths at points they go all over the place with this album and succeed in every way. When played on a stereo system with great speakers this cd is a near religious experience, when the sounds echo off of walls and envelop you in a world of blissful sound. If you're a fan of goa and electronic music in general i highly recommend getting a copy of this!"
