

## LOCUS TITANIC FUNUS - Never Pretend

*"Never Pretend" - second full-length studio album by Russian Gothic Doom Metal band LOCUS TITANIC FUNUS.*

For their second album, Locus Titanic Funus left the themes of cold spring, childhood nostalgia and cemetery parties. Now it is rather everlasting autumn and inexplicable feeling of a loss. With coming to such subject as wildlife sanctuary extermination, they cause thoughts about the dirt of capitalism and corruption, defend humanity and teach to love the life.

The loud sounds cannot move, cold rhythms play a dance, keyboard scores scratch from the within. For recording this album was used vintage instruments, so bass guitar got a distinctive piggy tone and guitars become long and mellow.

The funny fact about this album: if exclude the pauses between tracks, its duration is 66 minutes and 66 seconds.
