NEW RELEASE INFORMATION

****Cover of classic Rolling Stones 7"*****

We asked a few of the bands we've worked with over the years to come up with a cover version of one of their favourite 7" singles. The interesting thing is that they also had to do the original b-side as well. That made it a lot trickier and a few fell by the wayside but we've ended up with a great set of seven singles.

This single is part of the 30th Anniversary singles club and will also be available separately as a standalone release.

This will be a black vinyl 7"

It's a cover of the Rolling Stones classic 'Not Fade Away' and comes backed with the original b-side 'I Wanna Be Your Man' and a homage version of the original 7" sleeve along with our 'tribute' to the classic London records label from the early '60s.

A limited edition lime vinyl version is available to club members. (250 copies / mail order only).
