

The Murder Junkies

EUROPEAN INVASION 2005

In November of 2005, after many years of anticipation, the Murder Junkies finally toured Europe for the very first time. First arriving in Switzerland, the journey took them across 8 countries over a thirty day period. Each night they performed for enthusiastic audiences and were treated to an overwhelming crowd response. The combination of their high energy show and the intensity of their crazed fans led to one hell of a rowdy kick ass tour. This DVD includes the very best audio and video tracks from various performances.

“This is by far the coolest footage I’ve seen of the band.”

— Merle Allin
